WAUREGAN BLOCK

RECEIVE INSTRUCTION FOR WOMEN VOTERS

Town Clerk Charles S. Holbrook received official instructions Friday that settle what has been a question about the women's vote this election. There had been much uncertainty about whether or not women who had already been made voters in previous years on applications and appear in the to-be-made list and go through the "to-be-made" process again.

The ruling is that all women who have heretofore been made voters will not have to be made again. Their names will appear on the perfected list prepared by the registrars and they will be entitled to vote on election day.

The times for making new voters, male and female, who have regularly filed their application with the registrars before 6 o'clock p. m., on Tuesday, Oct. 5, will be from Oct. 9 to Oct. 19.

The selectmen, town clerk and registrars, who comprise the board that makes voters, have arranged to sit in the town hall for that purpose on five days in October, viz. Oct. 9, 11, 13, 15 and 17. If they find it necessary, they will designate further days between the 15th and the 19th. They will have a voting machine demonstrated in the town hall on the days voters are made, and voting machines will be demonstrated in all the districts on Oct. 24, 25, 26.

One warning that the board wants foreign born women who are married to naturalized citizens to understand is that they must prove their citizenship and for that purpose will need to bring their husband's naturalization papers when they come to be made. Men and women will be required to give their age and each voter to be made must prove that he can read English.

Registrars Issue Instructions. Registrars Tyler D. Guy and Cornelius J. Downes, who are putting in busy hours handling the flood of applications coming to them, issued the following instructions Friday for voters "to be made."

All applications must be in the hands of the registrars before 6 o'clock p. m. Tuesday, Oct. 5th.

No person can be made a voter unless the name appears on the printed list.

Monday and Tuesday, Oct. 4 and 5 are not days for making voters. These days are for applications only. The days for making voters are between the 9th and the 19th of October as the registration board will designate.

All women made voters heretofore will not have to appear again. Their names will be on the perfected list and they can vote election day.

All male voters who have changed from one district to another should notify the registrars so as to be put in the proper voting district, and save time and confusion on election day.

The hours for election in this town will be from 8.30 a. m. to 4 p. m., Nov. 2nd.

Previously the hours were from 6 a. m. to 5 p. m.

SPONTANEOUS COMBUSTION AT HUNTINGTON PLACE HOME

A fire caused by spontaneous combustion at No. 3 Huntington Place called out the department at 8.30 o'clock Friday evening. The pump, chief and deputy chief and the main street chemical responded to the call. It was found that some painters had put some rags covered with oil, turpentine and paint in a shed that adjoins the house in the rear and had started the blaze. The damage was limited to the floor of the shed only. Being slightly charred. The city director gives the occupants of the house as E. J. Hunt.

OLD CHAMBER OF COMMERCE VOTES TO DISSOLVE

The old chamber of commerce went out of existence Friday morning when at a directors' meeting held in the chamber of commerce rooms on Main street it was voted to dissolve and incorporate existence be terminated.
